

Grow with Confidence: Perfect Passionfruit Vines for Your Region – Now at Arbour Grove

Megan Crowhurst, Arbour Grove Nursery

Located at Woombye on Queensland's Sunshine Coast, Arbour Grove Nursery is the result of years of dedicated passionfruit growing and breeding. Owned and operated by Dave and Megan Crowhurst, the nursery specialises in tropical, subtropical, and rare fruit trees and vines - carefully selected to thrive in their new homes. All varieties are evergreen and self-pollinating. Like all passionfruit, they grow best in full sun (80–100%), with well-drained soil and a moderate watering schedule.

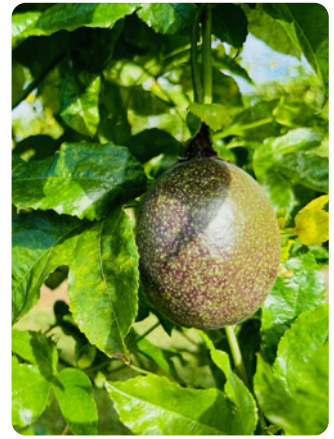

Varieties currently on offer are listed here. Call Megan (0417 622 908) or Dave (0418 730 773) to discuss your options.

ED19

A beautiful, sweet passionfruit with a dark purple shell. This standout variety performs especially well in South East Queensland and Northern NSW.

- ✓ PICK FROM GROUND
- ✓ GRAFTED
- 🌿 WARM TEMPERATE
- 🌾 SUB-TROPICAL

SENSATION

This hybrid is just as the name states – a mass producer with exceptional cropping during the winter months. Slightly paler foliage and fruit, but full and sweet on the inside.

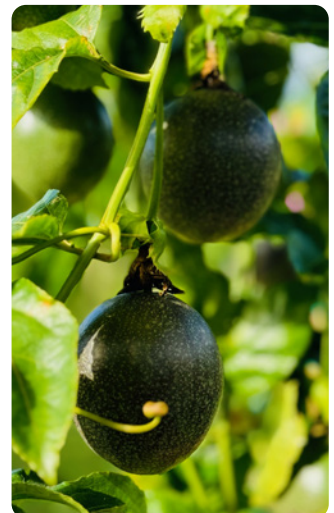

- ✓ PICK FROM GROUND
- ✓ GRAFTED
- 🌿 WARM TEMPERATE
- 🌾 SUB-TROPICAL

FLAMENCO

Heavy cropping, a beautiful purple shell, this grafted variety has been a popular choice of growers for over ten years. A versatile fruit, medium size and suited for most regions.

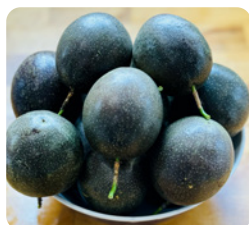

- ✓ PICK FROM GROUND
- ✓ HARVEST FROM VINE
- ✓ GRAFTED
- 🌿 WARM TEMPERATE
- 🌾 SUB-TROPICAL
- 🌺 TROPICAL

NOVA

This sweet and pulped-filled heavy fruit is gaining popularity in South East Queensland. The large, tropical fruit comes from a grafted and vigorous vine.

- ✓ VINE/GROUND HARVEST
- ✓ GRAFTED
- ✓ WARM TEMPERATE
- ✓ SUB-TROPICAL
- ✓ TROPICAL

MISTY GEM

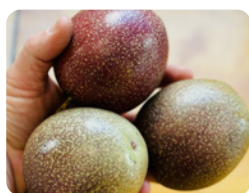

Misty gems have been a notable jewel in the passionfruit industry. Known for its dark purple skin and rounder shape, this variety performs its best from Bundaberg up to North Queensland.

- ✓ PICK FROM GROUND
- ✓ GRAFTED
- ✓ SUB-TROPICAL
- ✓ TROPICAL

PANAMA PANDORA

The leading commercial variety grown from Bundaberg to far North Qld, this heavy cropping vine produces red to purpled skinned fruit. It is large and sweet with a superb flavour.

- ✓ HARVEST FROM VINE
- ✓ SEED
- ✓ SUB-TROPICAL
- ✓ TROPICAL
